June 2, 2010

The Honorable Peter Orszag
Director of Office of Management and Budget
725 17th Street, NW
Washington, DC 20503

Dear Director Orszag:

The Military Coalition, a consortium of nationally prominent uniformed services and veterans associations representing approximately 5.5 million current and former service members and their families and survivors, is writing to express our concern over implementation of Section 705 of the FY 2010 National Defense Authorization Act (NDAA), (P.L. 111-84).

TMC is extremely grateful to Congress for inclusion of Section 705 in the FY 2010 NDAA. This provision authorizes TRICARE Standard healthcare coverage for Gray Area reservists who are qualified for reserve retirement but are not yet 60 years of age. After passage of the NDAA, the Office of the Assistant Secretary of Defense for Health Affairs (OSD-HA) and the TRICARE Management Activity reported that the goal for implementation was 1 October 2010.

Gray Area service men and women remain a readiness asset to the Armed Forces and many have been recalled to active duty for service in Afghanistan and Iraq, or recent natural disasters. As more of our National Guard and Reserve Component service members are called to duty, even after retirement, they should not suffer a gap in healthcare coverage.

Today's "operational reserve" forces are essential to our national security mission at home and overseas. The nation asks them to make enormous sacrifices that take them away from their families, communities and civilian careers more and more frequently.

TMC understands that the Defense Department submitted a proposed interim final rule to OMB for approval on May 14, 2010.

The Military Coalition respectfully requests your assistance to expedite approval of this non-controversial initiative so that this important benefit can be offered to our deserving Gray Area Reserve members in a timely manner.

Sincerely,

The Military Coalition
