Dear Speaker Pelosi and Minority Leader McCarthy:

The Military Coalition (TMC), representing more than 5.5 million current and former uniformed service members, veterans, their families, and survivors, is writing to ask you to waive PAYGO for the *Major Richard Star Act* (H.R.1282/S.344) and ensure it is included in the FY 2023 NDAA. Currently, there are 318 cosponsors in the House and 67 cosponsors in the Senate.

The Star Act would support more than 50,300 combat-injured veterans with concurrent receipt of vested retired pay and VA disability. Currently, these combat-injured (and often seriously disabled) veterans are subject to a cost-saving offset where their retirement pay is reduced for every dollar of VA disability received. Retired pay is for completed years of service paid by DoD, while disability compensation is for lifelong injury paid by the VA. These two benefits, established by Congress for entirely different reasons, are nonetheless subject to an unjust statutory offset. To reduce earned retirement pay because of a combat disability is an injustice and is an unfair way to achieve savings.

TMC commends your leadership on this important issue and urges you to waive PAYGO and include the Star Act in the FY 2023 NDAA. You can collectively deliver and ensure timely passage of this important legislation this year.

Sincerely,

President,  
The Military Coalition
