Dear Speaker Ryan and Leader Pelosi:

The Military Coalition (TMC), representing more than 5.5 million current and former service members, veterans and their families and survivors, strongly encourages you to pass a Fiscal Year 2018 Defense Appropriations bill before funding expires on February 8, 2018. We remain a nation at war, our uniformed services are suffering from dangerous readiness and force structure issues, and the total force simply cannot remain effective, absent adequate and timely budgets.

A fifth Continuing Resolution (CR), extending five months into the fiscal year, would stymie the services' ability to grow, equip, and train the total force necessary to meet today's dynamic and growing threats. The services would be dealt the crippling strain of funding obsolete programs, while being prevented from starting new programs that combatant commanders need. Resources would tighten severely, procurement programs would languish, and billions of taxpayer dollars would be wasted. Tragically, casualties would include mission-critical training – including cancellation of Reserve Component training, crucial for operational mission support – and required maintenance. Military families would suffer with inadequate maintenance and upgrades to military installations, and significant delays in household moves. They deserve better and as the services seek to grow, their care is crucial to overall retention of their service member sponsors.

Six years after the Budget Control Act, sequestration, and artificial defense spending caps, the world has become more unstable, and military personnel pay, benefits, and quality of life programs have suffered. Military modernization, training, and other essential readiness programs are adversely impacted. Continuing Resolutions devastate readiness, waste resources and endanger warfighters. Our national security requires stable, predictable funding and prudent long-range planning.

Thank you for passing the Fiscal Year 2018 Defense Appropriations bill; we respectfully ask you to continue working with the Senate for a workable solution to adequately support the millions of service members, civilians, and military families who serve our great nation.

Sincerely,
The Military Coalition
