Dear Speaker Ryan, Leader Pelosi, Chairman Frelinghuysen, and Ranking Member Lowey:

The Military Coalition (TMC), representing more than 5.5 million current and former service members, veterans and their families and survivors, strongly encourages you to pass the Fiscal Year 2018 Defense Appropriations bill before funding expires on December 22, 2017. We remain a nation at war, our uniformed services are suffering from dangerous readiness and force structure issues, and the total force simply cannot remain effective, absent adequate and timely budgets.

Another continuing resolution (CR) would stymie the services' ability to grow, equip, and train the total force necessary to meet today's dynamic and growing threats. The services would be dealt the crippling strain of funding obsolete programs, while being prevented from starting new programs that combatant commanders need. Resources would tighten severely, procurement programs would languish, and billions of taxpayer dollars would be wasted. Tragically, casualties would include mission-critical training – including cancellation of reserve component training, crucial for operational mission support – and required maintenance. Military families would suffer with inadequate maintenance and upgrades to military installations, and significant delays in household moves. They deserve better and as the services seek to grow, their care is crucial to overall retention of their service member sponsors.

Six years after the Budget Control Act (BCA), sequestration, and artificial defense spending caps, the world has become more unstable, and military personnel pay, benefits, and quality of life programs have suffered. Military modernization, training, and other essential readiness programs have been adversely impacted. CRs devastate readiness, waste resources and endanger warfighters. Our national security requires stable, predictable funding and prudent long-range planning. Another CR is simply dangerous.

Please pass a full defense budget by December 22, 2017, to adequately support the millions of service members, civilians, veterans, and military families who serve or have served our great nation.

Sincerely,
The Military Coalition
